PROFESSIONAL SUMMARY

Bid, Proposal and Pre-Sales professional with over 2.9 years of experience supporting Government, PSU and Enterprise technology opportunities across cloud, managed services (MSP/CSP), software development, mobile app development, cybersecurity and AI domains. Experienced in end-to-end bid lifecycle coordination, RFx analysis (RFP/RFQ/RFI/EOI/PQQ/ITT), compliance matrices, technical and commercial proposal development, executive summaries and bid/no-bid support. Skilled in coordinating cross-functional stakeholders (sales, solution architects, SMEs, finance, legal, delivery), maintaining proposal repositories and reusable content libraries, and ensuring accurate, high-quality, on-time submissions. Strong written and verbal communication, analytical and problem-solving skills, attention to detail, and willingness to learn new technologies and industries.

WORK EXPERIENCE

Pre-Sales & Bid Executive *July 2025 – Present*

ParadigmIT Technology Services Pvt. Ltd., Hyderabad

- Support the Bid Manager in coordinating the end-to-end bid lifecycle across Government, PSU and Enterprise opportunities - acting as a central point of contact, tracking deliverables, stakeholder inputs, dependencies, timelines and submission readiness.
- Analyse RFPs, RFQs, RFIs, EOIs, PQQs and ITTs to assess eligibility, technical, commercial and compliance requirements; prepare clause-wise compliance matrices and opportunity summaries.
- Develop technical proposals, solution narratives, executive summaries, project descriptions and tailored responses by consolidating inputs from Sales, Solution Architects, OEMs, Finance, Legal and Delivery teams.
- Support bid/no-bid assessments and risk reviews by evaluating qualification criteria, identifying compliance gaps, and proactively escalating potential submission risks and delays for stakeholder review.
- Coordinate supporting documents and certificates with technical, Legal, Finance and external Chartered Accountant stakeholders; collect and validate tender eligibility documents including GST, PAN, turnover and net-worth certificates, audited financials, work orders and experience proofs.
- Conduct proposal quality and compliance reviews - including red-team-style checks - ensuring adherence to client requirements, internal governance, approval processes, brand standards, and confidentiality and information-security requirements.
- Support commercial proposal preparation through OEM price comparisons and coordination of financial inputs for internal review.
- Draft, edit, format and quality-check proposals and supporting documents; maintain version control and approval records; prepare client-facing presentation decks and supporting materials based on project requirements and stakeholder inputs.
- Maintain SharePoint repositories, proposal templates and reusable content libraries - including company credentials, staff CVs, project descriptions, case studies and standard responses - with learnings from completed bids.
- Support product demonstrations and customer presentations - including presentation preparation, demo scheduling and follow-ups; attend customer meetings to capture minutes and action items; support bid presentations, post-submission clarifications, bid-status tracking and stakeholder follow-ups.
- Schedule internal deal review and approval checkpoints; review win/loss outcomes and stakeholder feedback to capture lessons learned; support post-award handover of won opportunities to delivery teams; use ChatGPT, Claude and Gemini for research, summarization and content refinement with human review.

Tender Executive *Dec 2023 – June 2025*

Leadspace, Hyderabad

- Identified and tracked government tender opportunities through GeM, CPPP, NIC GePNIC and other government e-procurement portals across Solid Waste Management, Advertising, Construction and Urban Infrastructure.
- Reviewed tender documents, eligibility criteria, submission instructions, terms and conditions, corrigenda and amendments; tracked deadline extensions and relevant updates; identified compliance requirements and submission risks.
- Managed bidder, vendor and service-provider portal registrations and renewals, coordinating the collection of supporting documents.
- Compiled technical and eligibility bid documentation, coordinated online tender-fee and EMD payments, supported EMD/bank guarantee processing, and executed online bid submissions through GeM and other government e-procurement portals.

- Participated in pre-bid meetings, addressed eligibility-related queries and escalated specialised technical clarifications to relevant stakeholders.
- Drafted JV/consortium agreements and coordinated reviews with the Bid Manager and consortium partners.
- Maintained tender trackers and submission records; coordinated submission acknowledgements, EMD status updates, post-bid correspondence and follow-up on Letters of Award and Work Orders.
